Dual-Use Declaration

We undersigned are the manufacturer of TRACO POWER products and declare that:

TRACO POWER refers to standard Power Supply and DC/DC converter products.

TRACO POWER products are designed to be industrial, commercial or residential system components.

TRACO POWER products are clearly NOT deemed to be inherently military in character.

Europe:

Materials of the type of TRACO POWER products are not included in the list of dual use items and technologies referred to in Council Regulation (EC) No 1334/2000 and its amendment Council Regulation (EC) No 1183/2007.

USA:

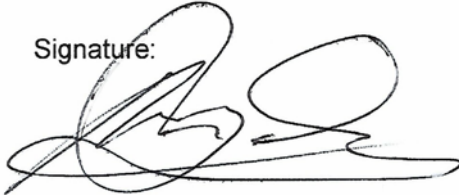

TRACO POWER products are neither EAR99 classified, nor require an ECCN (Export Control Classification Nr.).

((EAR99 classification indicates that a particular item is subject to the Export Administration Regulations (EAR), but isn't listed with a specific Export Control Classification Number (ECCN) on the Commerce Control List (CCL)).

Note:

TRACO POWER products isolated neither fall under ITAR (International Traffic in Arms Regulations) restrictions, nor under the Wassenaar Arrangement on export controls for conventional arms and dual-use goods and technologies. It is not the duty of TRACO Electronic AG (TRACO), to extend its control over additional treatment or final use of TRACO POWER products. TRACO POWER customers must ensure themselves, that their commerce complies with all applicable regulations.
